From the President...

Dear PSNM Friends —

Summer is winding down, children are heading back to school, the entries to the National Show should be in by now, Visions is happening in Santa Fe, and autumn is sneaking up on us. Where does the time go? I hope all of you have been able to get to your easels more often than I have. This working for a living takes too much time out of my real life.

Did July's program inspire you to make prints of your work? Don't we get some great information at our meetings? I'm always delighted to find out what's available to us right here at home.

The 50/50 drawing broke a record in July. Could it have had anything to do with the Terry Ludwig pastels? There will be two more small sets – six sticks in each – this month (and next month, and the month after that). Must be present to win! How's that for incentive? Come and find out what else is happening.

"If I ran the world, there would be a time bank and all those people who don't know what to do with their time, or are bored, would have their hours deposited into a time bank. Those of us with never enough time could go and withdraw extra hours." (Eileen Phillips)

— Gaye Garrison
